

# Lost Pet Info

The key is to never stop looking! Talk to neighbors, post flyers in the neighborhood, search the neighborhood and local businesses for flyers, call vet's offices, look for advertisements in local newspapers, and keep checking back with your local animal shelter!

**This is your responsibility as a pet owner!!**

Also, check out the following websites:

**www.petharbor.com** -- This site is connected to our software here @ R.C. PAWS as well as other local animal shelters & is updated hourly with pictures and descriptions of all the animals we have here. You may also enter your own lost report\* and link a picture on this site at home at your convenience.

\*(Any issues uploading pics or info? Please email [support@petharbor.com](mailto:support@petharbor.com)).

**paws.rutherfordcountyttn.gov** -- This shows all of our adoptable pets.
